Bright Lights by Tynchy Stryder & Pixie Lott

Flash (1) and the good life	Bright lights got me (15) jolly
Keep calling out my name	Never let you down, that's my word
And I pray somehow	You ain't gotta worry
Something's (2) change	Work for this
Bright lights in the skyline	Don't know about you but I work for this
Let me lose my way	Couple labels said I wasn't worth the risk
'Cause I know somehow	Just (16) (17) hoodie
Something's gonna change	with a black hat
(Uh, uh) from the ground to the sky	He's just one of them looking for a purse to nick
And it wasn't overnight	Never (18) had a plan B
Strydes	Stayed on point
Last time running never went too well	I am sharper (19) a Stanley
Heart (3) on	Big star, (20) car, looking trendy
Head telling me forfeit	I know I got my list high, took it by Kylie
Glimpse of the (5) life	From young I've been obsessed with the fame
I (6) I never saw this	Know you're in lane
Now I want it all, want it all, I'm selfish	'Cause (21) dreams (22) the same
Felt locked (7) like I caught a death sentence	Every day I pray, really wishing for a change
Like Alan Sugar (8) me from The Apprentice	Dreams to (23) and now I'm in the game
See my little weight, I must've lost half	Flash lights and the good life
Even Nando's	Keep calling out my name
Won't send me a new (9) card	And I (24) somehow
And there's all opinions and assumptions	Something's gonna change
Back to the grind	Bright lights in the skyline
And there's (10) it	Won't let me lose me way
(12) from	'Cause I know somehow
I love the life 'cause my (13) flash cameras on	Something's gonna change, yeah
Tell Cheryl Cole and Rihanna that I love them	Let me tell you (25) to take it down
From young I've been obsessed with the fame	This is the part (26) the song
Know you're in lane	(27) down
'Cause your dreams were the same	Stay looking up, never facing down
Every day I pray, really (14) for a change	Long as the bright lights are blazing down
Dreams to reality and now I'm in the game	
Flash lights and the good life	Flash lights and the (28) life
Keep calling out my name	Keep calling out my name
And I pray somehow	And I pray somehow
Something's gonna change	Something's gonna change
Bright lights in the skyline	Bright lights in the skyline
Won't let me lose my way	Won't let me lose me way
'Cause I know somehow	'Cause I know somehow
Something's gonna change	Something's gonna change
Tell me how you feel	(Something's gonna change)
Do you love me or hate me	Ha ha
There's no pleasing everybody	Like that
Need to focus	
Then he lost track, I'm really sorry	
Left the black clouds
