Left the black clouds

Fill in the gaps

Bright Lights by Tynchy Stryder & Pixie Lott

Flash lights and the good life	Bright lights got me feeling jolly
Keep calling out my name	Never let you down, that's my word
And I pray somehow	You ain't gotta worry
Something's gonna change	Work for this
Bright lights in the skyline	Don't know about you but I work for this
Let me lose my way	Couple labels said I wasn't (5) the risk
Cause I know somehow	Just another hoodrat hoodie with a black hat
Something's gonna change	He's just one of them looking for a purse to nick
(Uh, uh) from the ground to the sky	Never really had a plan B
And it wasn't overnight	Stayed on point
Strydes	I am sharper than a Stanley
Last time running never went too well	Big star, flash car, (6) trendy
Heart saying carry on	I know I got my list high, took it by Kylie
Head telling me forfeit	From young I've been obsessed with the fame
Glimpse of the (1) life	Know you're in lane
I wish I never saw this	'Cause your dreams were the same
Now I want it all, want it all, I'm selfish	Every day I pray, really wishing for a change
Felt (2) down like I caught a death sentence	Dreams to reality and now I'm in the game
Like Alan Sugar fired me from The Apprentice	Flash (7) and the (8) life
See my little weight, I must've lost half	Keep calling out my name
Even Nando's	And I pray somehow
Won't send me a new black card	Something's gonna change
And there's all opinions and assumptions	Bright lights in the skyline
Back to the grind	Won't let me lose me way
And there's more where it (3) from	'Cause I know somehow
I love the life 'cause my life flash cameras on	Something's gonna change, yeah
Tell Cheryl Cole and Rihanna that I love them	Let me tell you when to take it down
From young I've (4) obsessed with the fame	This is the part where the (9) breaks down
Know you're in lane	Stay looking up, never facing down
Cause your dreams were the same	Long as the bright lights are blazing down
Every day I pray, really wishing for a change	
Dreams to reality and now I'm in the game	Flash lights and the good life
Flash lights and the good life	Keep calling out my name
Keep calling out my name	And I pray somehow
And I pray somehow	Something's gonna change
Something's gonna change	Bright lights in the skyline
Bright lights in the skyline	Won't let me lose me way
Won't let me lose my way	'Cause I know somehow
Cause I know somehow	Something's gonna change
Something's gonna change	(Something's (10) change)
Tell me how you feel	Ha ha
Do you love me or hate me	Like that
There's no pleasing everybody	
Need to focus	
Then he lost track, I'm really sorry
