### Tangled Up In Blue (Live) by Bob Dylan

Early one morning, the sun was shinin	She was (13) in a topless place
She was layin' in bed	And I stopped in for a beer
Wondering if she'd changed it all	I just kept looking at the sight of her face
If her (1) was still red	In the spotlight so clear
Her folks they said their lives together	And later on when the crowd thinned out
Sure was (2) be rough	I was (14) about to do the same
They never did like mama's homemade dress	She was standing there right beside my chair
Papa's bankbook wasn't big enough	Said, "Don't tell me, let me guess your name?"
And he was (3) on the side of the road	I muttered something underneath my breath
Rain falling on my shoes	She studied the (15) on my face
Heading out for the east coast	I (16) admit I felt a little uneasy
Lord knows he's paid (4) dues	When she bent (17) to tie the laces of my shoe
Getting through	Tangled up in blue
Tangled up in blue	I (18) with them on Montague Street
She was married when they first met	In a basement down the stairs
Soon to be divorced	There was music in the cafes at night
He (5) her out of a jam, I guess	And revolution in the air
But he used a (6) too much force	Then he started into dealing with slaves
And (7) drove that car as far as (8)	And (19) inside of him died
could	She had to sell everything she owned
Abandoned it out west	And (20) up inside
Split up on a dark, sad night	And when it all (21) crashing down
Both agreeing it was best	I (22) withdrawn
And she turned around to look at him	The only thing I (23) how to do
As he was (9) away	Was to keep on keeping on like a bird that flew
Saying over his shoulder	Tangled up in blue
"We'll meet again someday on the avenue"	So now I'm going back again
Tangled up in blue	I got to get her somehow
He had a job in Santa Fe	All the faces we used to know
Working in an old hotel	They're an (24) to me now
But he never did like it all that much	Some are mathematicians
And one day it (10) to hell	Some are carpenter's wives
So he drifted down to New Orleans	Don't know how it all got started
Lucky not to be destroyed	I don't what they do with their lives
Well he got him a job on a fishing boat	But me, I'm still on the road
Right outside of Delacroix	Heading for another joint
But all the while he was alone	We (25) did feel the same
The past was close behind	We (26) saw it (27) a different point of
He seen a lot of women	view
But she never (12) his mind	Tangled up in blue
And he just grew
