

## Fill in the gaps

| (Oh, oh, oh)                                    | Do you remember                                       |
|---|---|
| (Oh, oh, oh)                                    | All the (6) lights on the water?                      |
| You were in college                             | You saw me start to believe                           |
| Working part-time, waiting tables               | For the first time                                    |
| Left a small town and never looked back         | You made a rebel                                      |
| I was a flight risk, with the fear of falling   | Of a careless man's careful daughter                  |
| Wondering why we bother with love               | You are the best thing                                |
| If it never lasts                               | That's ever been mine                                 |
| I say, "can you believe it?"                    | (Oh, oh, oh, oh)                                      |
| As we're lyin' on the couch                     | And I remember that fight, two-thirty AM              |
| The moment, I can see it                        | You (7) everything was slipping                       |
| Yes, yes  | Right out of our hands                                |
| I can see it now                                | I ran out crying                                      |
| Do you remember                                 | And you followed me out (8) the street                |
| We were sitting there, by the water?            | Braced myself for the goodbye                         |
| You put (1) arm around me                       | 'Cause that's all I've ever known                     |
| For the fist time                               | Then, you (9) me by surprise                          |
| You made a rebel                                | You said, "I'll never leave you alone"                |
| Of a careless man's (2) daughter                | You said  |
| You are the (3) thing                           | "I (10) how we felt, sitting by the water             |
| That's ever been mine                           | And every time I look at you                          |
| Flash forward                                   | It's like the first time                              |
| And we're taking on the world together          | I fell in love with a careless man's careful daughter |
| And there's a drawer of my things at your place | She is the best thing                                 |
| You learn my secrets                            | That's ever been mine"                                |
| And figure out why I'm guarded                  | (Hold on, we'll make it last)                         |
| You say we'll never make my parents' mistakes   | (Hold on, never turn back)                            |
| But we got bills to pay                         | You made a rebel                                      |
| We got nothing (4) out                          | Of a careless man's careful daughter                  |
| When it was hard to take                        | You are the best thing                                |
| Yes, yes  | That's ever been mine                                 |
| This is what I thought about                    | Do you believe it?                                    |
| Do you remember                                 |   |
| We were sitting there, by the water?            | We're gonna make it now                               |
| You put your arm around me                      |   |
| For the fist time                               | And I can see it now                                  |
| You made a rebel                                |   |
| Of a careless man's careful daughter            | And I can see it now (see it now)                     |
| You are the best thing                          |   |
| That's (5) been mine                            |   |

- 1. your
- 2. careful
- 3. best
- 4. figured
- 5. ever
- 6. city
- 7. said
- 8. into
- 9. took
- 10. remember
