

## Fill in the gaps

Woke up in London yesterday	Like this city is on fire night
Found myself in the city near Piccadilly	This could be a good life
Don't really know how I got here	A good, good life
I got some pictures on my phone	()
New names and numbers that I don't know	Hopelessly
Address to places like Abbey Road	I feel like that (6) be something that I'll miss
Day turns to night, night turns to whatever we want	Hopelessly
We're young enough to say	I feel like the window closes oh so quick
Oh (1) is gonna be good life	Hopelessly
This is gonna be good life	I'm taking a mental picture of you now
This could be a good life, good life	'Cuz hopelessly
Say oh, got this feeling that you can't fight	The hope is we have so much to (7) (8)
Like this city is on fire night	about
This could be good life	Oh this is gonna be good life
A good, good life	This is gonna be good life
To my friends in New York, I say hello	This could be a good life, good life
My friends in L.A. they don't know	Say oh, got this feeling that you can't fight
Where I've (2) for the past few years or so	Like this city is on fire night
Paris to China to Col-or-ado	This could be good life
Sometimes there's airplanes I can't jump out	A good, good life
Sometimes there's (3) that don't work	(good, good life, good life)
now	To my friends in New York, I say hello
We are god of stories but please tell me-e-e-e	My friends in L.A. they don't know
What there is to complain about	Where I've been for the past few years or so
When you're happy like a fool	Paris to (9) to Col-or-ado
Let it take you over	Sometimes there's airplanes I can't jump out
When (4) is out	Sometimes there's bullshit that don't (10) now
You gonna take it in	We are god of stories but please tell me-e-e-e
Oh this is gonna be good life	What there is to complain about
This is (5) be good life	
This could be good life, good life	
Say oh, got this feeling that you can't fight
