

You got your kicks, you get your kicks from playing me

Fill in the gaps

remember way back, way (1) when	And the less you give the more I want so foolishly
I said I never wanna see your face again	But I will never be your (6) stone
'Cause you (2) loving, yes you're	Take it all or leave me alone
(3) somebody else	I will never be (7) stepping stone
And I knew, oh yes, I knew I couldn't control myself	I'm standing upright
And now they bring you back into my life again	On my own
And so I put on a face just like your friends	No, I will never be your stepping stone
But I think you know, oh yes, you know what's going on	Take it all
'Cause the feelings in me, oh yes, in me	Or leave me alone
Are burning strong	I will (8) be your stepping stone
But I will never be your stepping stone	I'm standing upright
Take it all or leave me alone	On my own
I will never be your stepping stone	Never be your stepping stone
I'm standing upright	Take it all
On my own	Or leave me alone
You used to call me up from time to time	I will (9) be your (10) stone
And it would be so hard for me not to cross the line	I'm standing upright
The words of love lay on my (4) just like a curse	On my own
And I knew, oh yes, I knew they'd only make it worse	
And now you have the nerve to play along	
Just (5) the maestro beats in your song
