

## Fill in the gaps

Hey, hey	You think, you think you know
You're almost home	When you're (5) (6) and you're
You're almost home	almost home
You're almost home	Just open up your eyes and go, go
I've seen the light in the sky	When you're almost there, almost home
In the skies are like fireflies	Know you're not alone
Burning bright, just to vanish in the dark	You're (7) home
I've held hope in my two hands	
That there would be another chance	When you let (8) heart be the compass
To find the kingdom, I'm believing in my heart	You won't get lost, not if you trust it
'Cause underneath the good	When you hear the sound of the trumpet
There's something greater than you know	Louder than ever before
When you're almost there and you're almost home	(Oh) when you're almost there
Just (1) up your eyes and go, go	Almost home
When you're almost there, almost home	Just (9) up your eyes and go, go
Know you're not alone	'Cause you're almost there
You're (2) home	Almost home
	Know you're not alone
(You're almost home)	You're almost home
When you run, run so far	
You've forgotten who you are	When you're almost there
Where you're from	Almost home
It's like some other universe	Just open up your eyes and go, go
You (3) your steps, like they're regrets	Almost there
You catch one breath (4) lose the rest	You're almost home
Wrong is right	Know you're not alone
Right is left	You're almost home
And there's nowhere left to turn	
So don't believe in everything
