

The stars and the sun

Fill in the gaps

Is this a riot or are you just pleased to see me		Dance to your drum
Why aren't we holding hands and talking sweets		And now
I love you really though I know no one believes me		It's pandemonium
There's chaos every time we meet		I can't make sense of anything
Oh no, look what you've gone and done		All I know is the party's in full swing
You're (1)	pandemonium	If we both just (6) for a minute
That song you sing means everything		I declare war and then you'd win it
To me		To tell you the truth
I'm living in ecstasy		I thought I was shockproof
The stars and the sun		Until I saw what you get up to
Dance to your drum		When you think about it, it's quite an achievement
And now		That after all
It's pandemonium		I (7) love you
You're crashing everywhere		Oh no, look what you've gone and done
It's like you're smashing china		You're creating pandemonium
Skidding on an icy road		That (8) you sing means everything
You're (2)	trouble (3) you were	To me
(4) a minor		I'm living in ecstasy
I sometimes think we'll both explode		My world's gone mad, what did you do
Oh no, look what you've gone and done		Telling perfect strangers (9) I love you
You're creating pandemonium		The (10) and the sun
That song you sing means everything		Dance to your drum
To me		And now
I'm living in ecstasy		It's pandemonium
My world's gone mad,	what did you do	
elling (5) strangers that I love you
