## Church On Sunday (Live) by Green Day

Today is the first day of the rest		Making your mascara bleed
Of our lives		Tears down your face
Tomorrow is too late to pretend		Leaving traces of my mistakes
Everything's all right now		When I say
I'm not (1)	any younger as long	If I (8) to go to church on Sunday
As you don't get any older		Will you go (9) me on Friday night?
I'm not going to state that yesterday never was		If you live (10) me, I'll die for you
Bloodshot deadbeat and a lack of sleep		And this compromise
Making your (2) bleed		If I promise to go to church on Sunday
Tears down your face		Will you go with me on Friday night?
Leaving traces of my mistakes		If you live with me, I'll die for you
When I say		And this compromise
If I promise to go to church on Sunday		
Will you go with me on Friday night?		If I promise to go to church on Sunday
If you live with me, I'll die for you		Will you go with me on Friday night?
And this compromise		If you live with me, I'll die for you
I hereby solemnly swear to tell		And this compromise
The (3) tru	uth	If I promise to go to church on Sunday
And (4)	but the truth is what	Will you go with me on Friday night?
I'll ever hear (5)	you	If you live with me, I'll die for you
"Trust" is a (6)	word that comes	And this compromise
Only (7) such	h a liar	And this compromise
But "respect" is something I will earn		I said, compromise
If you have faith		
Bloodshot deadbeat and	d a lack of sleep
