### I Need A Doctor by Dr. Dre & Eminem & Skylar Grey

| I'm about to lose my mind                 |
|---|
| You've been gone for so long              |
| I'm running out of time                   |
| I (1) a doctor                            |
| Call me a doctor                          |
| I need a doctor, doctor                   |
| To (2) me back to life                    |
| I told the world                          |
| One day I would pay it back               |
| Say it on tape and lay it, record it      |
| So that one day I can play it back        |
| But I don't even know                     |
| If I believe it when I'm saying that      |
| Doubt startin' to (3) in                  |
| Everyday it's just so grey and black      |
| Hope, I just need a ray of that           |
| 'Cause no one sees my vision              |
| When I play it for 'em                    |
| They just say it's whack                  |
| But they don't know what dope is          |
| And I don't know if I was awake or asleep |
| When I (4) this                           |
| All I know is                             |
| You came to me when I was at my lowest    |
| You picked me up                          |
| Breathed new life in me                   |
| I owe my life to you                      |
| But for the life of me                    |
| I don't see why you don't see like I do   |

#### But it just dawned on me; you lost a son

| Demon's fightin' you, it's dark            |  |  |
|--|--|--|
| Let me (5) on the lights                   |  |  |
| And (6) me and enlighten you               |  |  |
| I don't (7) you realize                    |  |  |
| What you mean to me                        |  |  |
| Not the slightest clue                     |  |  |
| 'Cause me and you, were like a crew        |  |  |
| I was like your sidekick                   |  |  |
| You gon' either wanna fight                |  |  |
| When I get off (8) ****** mic              |  |  |
| Or you gon' hug me, but I'm out of options |  |  |
| There's nothing (9) I can do 'cause        |  |  |
| I'm about to lose my mind                  |  |  |
| You've been gone for so long               |  |  |
| I'm running out of time                    |  |  |
| I need a doctor                            |  |  |
| Call me a doctor                           |  |  |
| I need a doctor, doctor                    |  |  |
| To bring me back to life                   |  |  |
| It hurts when I see you struggle           |  |  |
| You come to me with ideas                  |  |  |
| You say they're just pieces                |  |  |
| So I'm puzzled                             |  |  |
| 'Cause the **** I hear is crazy            |  |  |
| But you're either (10) lazy                |  |  |
| Or you don't believe in you no more        |  |  |
| Seems like your own opinions               |  |  |
| Not one you can form                       |  |  |

Can't make a decision

| Like it was just yesterday though                   |
| You walked in, yellow jump suit                     |
| Whole room, cracked jokes                           |

| Some of them I put on                               |
| But they just left                                  |

| You just laughed at us                              |
| Now you bout to feel the ****** wrath of aftermath  |
| Faggots   |
| You gon' see us in our lab jackets                  |
| And ask where the **** we been?                     |
| You can kiss my indecisive *** crack                |
