

## Fill in the gaps

Cut me loose, my (1)	won't let me fly	Lean on my heart baby
I'll survive 'cause we got love		Close your eyes just reach (6) arms out wide
(Oh)		Cut me loose, my parachute won't let me fly
Think of me (2) your world seems	to fall apart	I'll survive 'cause we got love
Under the weight of a heavy heart		Summer days will fade away and pass us by
It's so material, criminal		But we'll survive 'cause we got love
What we put up on a pedestal		Think of (7) we had, we got love
Need a spark to start a fire		And it's all we had, we got love
Don't be afraid of a chance for a miracle		Think of what we had, we got love
Scare it away being cynical		(Oh)
Step into open skies, close your eyes		Don't need a tune with a view on the Westside
Jump into something you don't recognize		Just wanna wake up at your side
Just reach your arms out wide		'Cause when you know it, you know it
Cut me loose, my parachute won't let me fly		In the blink of a moment
I'll survive 'cause we got love		It's like I'm, It's (8) I'm
Summer days will (3) away and p	ass us by	It's like I'm (9) for the first time
But we'll survive 'cause we got love		Cut me loose, my parachute won't let me fly
Think of (4) we had, we got love		I'll survive 'cause we got love
And it's all we had, we got love		Summer days (10) fade away and pass us by
Think of what we had, we got love		But we'll survive 'cause we got love
(Oh)		Think of what we had, we got love
I'll be the voice when the whispers get too loud		And it's all we had, we got love
Your home base and the king that keeps you crowned		Think of what we had, we got love
Your breath (5) you're choking on	your words	
Your sex your right turn		
When you're ready to start
