

My guilt and my shame Always sell me short, always feel the same And my face and my soul Always wear me thin, always under control But the longest hours you'll have in your life Are the ones you sit, through to know if you're right So I'll wait, but I pray (1)_____ I'm wrong Because I think I know what's goin' on So let me get this straight, the only will is my own I do what ever I want and stay alone All my decisions make it untouchable and tainted I'm gonna suffer for the rest of my life But I always find a way to survive I'm not a failure, but I know what its like I can take it, or leave it.. or die! Stay... You don't always know where you stand Till you know (2)_____ you won't run away There's something inside me (3)_____ feels Like breathing in sulfur... My life is undone

And I'm a sinner to most, but a sage to some

I'm probably wrong, but I'm better than you And the longest hours I've had in my life

Were the (4)_____ I want through to know I was right

And my gods are untrue
