

Fill in the gaps

My guilt and my shame		So I'm safe but I'm a little outside
Always (1) me short, (2)	feel the	I'm gonna laugh when I'm buried alive
same		Stay
And my face and my soul		You don't always know where you stand
Always wear me thin, always under control		Till you know that you won't run away
But the longest hours you'll have in (3) life		There's something inside me that feels
Are the ones you sit, through to know if you're right		Like breathing in sulfur
So I'll wait, but I pray that I'm wrong		Like breathing in sulfur
Because I (4) I know what's goin' on		Like breathing in sulfur
So let me get this straight, the only will is my own		Stay
I do what ever I want and stay alone		You don't always (10) where you stand
All my (5) make	it	Till you know that you won't run away
(6) and tainted		There's something inside me that feels
I'm gonna suffer for the rest of my life		Like breathing in sulfur
But I (7) find a way to survive		Stay
I'm not a failure, but I know what its like		You don't always know where you stand
I can take it, or leave it or die!		Till you know that you won't run away
Stay		There's something inside me that feels
You don't always know where you stand		Like breathing in sulfur
Till you know that you won't run away		Like breathing in sulfur
There's something inside me that feels		Like breathing in sulfur
Like breathing in sulfur		Like breathing in sulfur
My life is undone		Like breathing in sulfur
And I'm a sinner to most, but a sage to some		Like breathing in sulfur
And my gods are untrue		
I'm (8) wrong, but I'm better than	you	
And the longest hours I've had in my life		
Were the (9) I want through to know I was r	ight
