Can't Fight The Moonlight by LeAnn Rimes

Under a lovers' sky	You'll surrender your heart
Gonna be (1) you	But you know, but you (14) that you
And no one's gonna be around	Can't (15) the moonlight, no
If you think (2) you won't fall	You can't (16) it
Well, just wait until	No matter what you do
Till the sun (3) down	The night is gonna get to you
Underneath the starlight, starlight	Don't try, you're never gonna win
There's a magical feeling so right	Underneath the starlight, starlight
It'll steal (4) heart tonight	There's a magical feeling so right
You can try to resist	It will steal your (17) tonight
Try to hide (5) my kiss	You can try to resist
But you know, but you (6) that you	Try to hide from my kiss
Can't fight the moonlight, deep in the dark	But you know, but you know that you
You'll surrender your heart	Can't (18) the moonlight, deep in the dark
But you know, but you know that you	You'll surrender (19) heart
Can't (7) the moonlight, no	But you know, but you know that you
You can't fight it	Can't fight the moonlight, no
It's gonna get to your heart	You can't fight it
There's no escape (8) love	You can try to resist
Once a (9) breeze	Try to hide from my kiss
Weaves its spell upon your heart	But you know
No matter (10) you think	Don't you (20) that you can't
It won't be too long	Can't fight the moonlight, (21) in the dark
Till you're in my arms	You'll surrender your heart
Underneath the starlight, starlight	But you know, but you know that you
We'll be lost in the rhythm so right	Can't (22) the moonlight, no
Feel it steal your (11) tonight	You can't fight it
You can try to resist	It's gonna get to (23) heart
Try to hide from my kiss	
But you know, but you know (12) you	
Can't fight the moonlight, (13) in the dark
