

But I never told you

Fill in the gaps

miss those blue eyes	What I should (3) said
How you kiss me at night	No, I never told you
miss the way we sleep	I just held it in
Like there's no sunrise	And now
Like the taste of your smile	I miss everything about you
miss the way we breathe	I can't (4) that I still want you
But I never told you	And after all the things we've (5) through
What I (1) have said	I miss everything about you
No, I never told you	Without you
just held it in	(Oh no, no)
And now	But I never told you
miss everything about you	What I (6) have said
can't believe that I still want you	No, I never told you
And after all the things we've been through	I just held it in
miss everything about you	And now
Without you	I miss (7) about you
see your blue eyes	I can't believe that I still want you
Everytime I close mine	And (8) all the things we've been through
You make it hard to see	I miss (9) about you
Where I belong to	Without you
When I'm not around you	
t's like I'm (2) with me
