SUB inglés

Run away and give me your sneakers

Fill in the gaps

Tranquilize by The Killers & Lou Reed

Time it tells living in my home town	Acid rain, (5) Abel looked up at Cain
Wedding bells, they begin easy	We began the weeping and wailing
Live it down, baby don't talk that much	A hurried high from pestilence pills and pride
Baby knows, but (1) don't tease me	It's a shame, we could have gone sailing
In the park we could go walking	But heaven knows
Drowned in the dark	Heaven knows everything
Or we could go sailing on the sea	Tranquilize
Always here, always on time	I got this feeling that they're (6) break
Close call, was it love or was it just easy?	(7) the door
Money talks when people need shoes and socks	I got this feeling that they're gonna come back for more
Steady boys, I'm thinking she needs me	See I was thinking that I lost my mind
I was (2) sipping on something sweet	But it's (8) getting to me all this time
I don't need political process	And it don't stop dragging me down
I got this (3) that they're gonna break down	Silently reflection turns my world to stone
the door	Patiently correction leaves us all alone
I got this feeling that they're gonna come back for more	And sometimes I'm a travel man
See I was thinking that I lost my mind	But tonight this engine's failing
But it's been getting to me all this time	I still hear the children playing
And it don"t stop dragging me down	Dead beat dancers, come to us and stay
Silently reflection turns my (4) to stone	'Cause I don't care where you've been
Patiently correction leaves us all alone	And I don't care what you've seen
And sometimes I'm a travel man	We're the ones who still believe
But tonight this engine's failing	And we're looking for a page
I still hear the children playing	In that lifeless book of hope
Kick the can, kick the can	Where a dream might help you cope
Skip and blackjack	With the Bushes and the bombs
Steal a car and ring a round-rosey	Tranquilize
Rock and roll, candyland, boogeyman	

Fill in the gaps

- 1. baby
- 2. just
- 3. feeling
- 4. world
- 5. when
- 6. gonna
