

Says we can beat this

Fill in the gaps

And it's a sad picture	Because these things will change
The final blow hits you	Can you feel it now?
Somebody else gets (1) you wanted again and	These walls that they put up
You know it's all the same	To hold us back will fall down
Another (2) and place	This revolution, the time will come
Repeating history and you're getting (3) of it	For us to finally win
But I believe in (4) you do	We sing hallelujah
And I'll do anything to see it through	We sing hallelujah
Because these things will change	Tonight we stand
Can you feel it now?	Get off our knees
These walls that they put up	Fight for what we've worked for all these years
To hold us back will fall down	And the battle was long
This revolution, the time will come	It's the fight of our lives
For us to finally win	But we'll (8) up champions tonight
We sing hallelujah	It was the night things changed
We sing hallelujah	Do you see it now?
So we've been outnumbered	These walls that they put up
Raided and now cornered	To hold us back fell down
It's hard to fight (5) the fight ain't fair	It's a revolution
We're (6) stronger now	Throw (9) hands up
Find things (7) never found	'Cause we never gave in
They might be bigger	And we sing hallelujah
But we're faster and never scared	We sang hallelujah
You can walk away, say we don't need this	Hallelujah
But there's something in your eyes	

- 1. what
- 2. time
- 3. sick
- 4. whatever
- 5. when
- 6. getting
- 7. they
- 8. stand
- 9. your
