

Fill in the gaps

And it's a sad picture	Because these things will change
The final blow hits you	Can you feel it now?
Somebody else gets what you wanted again and	These walls that (14) put up
You know it's all the same	To hold us (15) (16) (17)
Another time and place	down
Repeating history and you're getting sick of it	This revolution, the time will come
But I believe in whatever you do	For us to (18) win
And (1) do anything to see it through	We sing hallelujah
Because these things will change	We sing hallelujah
Can you feel it now?	Tonight we stand
These walls that (2) put up	Get off our knees
To hold us (3) (4) fall down	Fight for what we've worked for all (19) years
This revolution, the time will come	And the (20) was long
For us to (5) win	It's the fight of our lives
We (6) hallelujah	But (21) stand up champions tonight
We sing hallelujah	It was the night (22) changed
So we've been outnumbered	Do you see it now?
Raided and now cornered	These walls (23) (24) put up
It's hard to fight (7) the (8) ain't fair	To hold us back fell down
We're getting stronger now	It's a revolution
Find (9) they never found	Throw (25) hands up
They (10) be bigger	'Cause we never (26) in
But (11) faster and (12)	And we (27) hallelujah
scared	We sang hallelujah
You can walk away, say we don't need this	Hallelujah
But there's something in your eyes	
Savs we can (13) this
