

Fill in the gaps

Together we cry	But life happened, house, kids, two cars
Together we cry	Husband hits the jar
Jenny was a poor girl	Cheques (7) don't go very far now
Living in a rich world	Now she in it, can't change it
Named her (1) Hope when she was (2)	She keeps her mind on her wages
fourteen	The only rattling cages are her own
She was hoping for a (3) world	(Together we cry)
For this little girl	Together we cry
But the (4) doesn't fall too far from the tree	There's so much sad gonna flood an ocean
Well she gets that call, hope's too far gone	We're all in tears from a world that's broken
Her baby's on the way	Together we cry, oh we cry, we cry, oh we cry
But nothing left inside	There comes a time when every bird has to fly
Together we cry (together we cry)	At some point every rose has to die
What about the junk head	It's hard to let (8) children go leave home
Could have gone the whole way	Where they go, who knows, getting drunk
Lighting up the stage trying to get a deal	Getting stoned, all alone
Now he's lighting up the wrong way	Teach a man to fish, you'll feed him never lie
Something for the pain	You show your kids the truth, hope they never lie
Man you (5) see this kid he was so () unreal	Instead of reading in a letter
When he gets that call he's too far gone	That they've gone to (9) better
To get it together to sing one song	Bet (10) sorry now, I won't be coming home tonigh
They won't hear tonight	I'm sick of looking for those heroes in the sky
The words of a lullaby	To teach us how to fly, together we cry, together we cry
Together we cry	Together we cry
(Yeah, yeah)	Cry
Together we cry	Together we cry
Together we cry	There's so much sad gonna flood an ocean
Oh we cry, we cry	We're all in tears from a world that's broken
(Oh we cry, we cry)	Together we cry
Together we cry	Together we cry
Mary's ambitious, she (6) be a politician	Together we cry
She been dreaming about it since she was a girl	Together we cry
She thought that she'd be the one	
Who could change the world	
Always trying to pave the way for women in a	
Man's world	

- 1. baby
