## AutoTune by Jason Chen & Bubzbeauty

|  | You (8) know how to bring me right back       |
|--|---|
| I was young lost stupid                              | When my pitch is off                          |
| Didn't know (1) I was doing wrong                    | You make it all right when its all so wrong   |
| Just eat sleep feeling free                          | You're my auto tune, you can be my auto tune  |
| Then I'd party all night long                        |   |
| But I (2) get too worried                            | Be my auto tune                               |
| About the little (4) in life                         |   |
| I knew I won the lottery                             | Baby be my auto tune                          |
| 'Cause baby can't you see                            |   |
| Just thinking about you as I sing this song          | Just thinking about you as I sing this song   |
| 'Cause when you're around I can do no wrong          | 'Cause when you're around I can do no wrong   |
| And I'm never too sharp, never flat                  | And I'm never too sharp, never flat           |
| Girl imagine that                                    | Girl imagine that                             |
| You always know how to bring me (5) back             | You always know how to bring me right back    |
| When my pitch is off                                 | When my pitch is off                          |
| You make it all right when its all so wrong          | You make it all right when its all so wrong   |
| You're my auto tune, you can be my auto tune         | You're my auto tune (you can be my auto tune) |
|  | Just (9) about you as I sing this song        |
| Now I've found my way girl ever (6) you came         | 'Cause (10) you're around I can do no wrong   |
| along  | And I'm never too sharp, never flat           |
| As I listen to the radio, bumping to our catchy song | Girl imagine that                             |
| You mean more than a Grammy                          | You always know how to bring me right back    |
| And all the money in the world                       | When my pitch is off                          |
| Every time that I get off key girl                   | You make it all right when its all so wrong   |
| Continue to (7) me                                   | You're my auto tune                           |
| Just thinking about you as I sing this song          | You can be my auto tune                       |
| 'Cause when you're around I can do no wrong          |   |
| And I'm naver too shorp, naver flat                  |   |
