See (1)	on the water		Let him out	
More than darkness in the depths			Goldeneye not lace or leather	
See him (2)	in every shadow		Golden chain take him to the spot	
On the wind I feel his breath			Goldeneye I'll (8)	him forever
Goldeneye I found his weakness			It'll take (9)	to see what I've go
Goldeneye he'll do what I please			You'll never know	
Goldeneye no time for sweetness			How I watched you from the shadows as a child	
But a bitter kiss			You'll never know	
Will bring him to his knees			How it feels to get so close and be denied	
You'll never know			It's a gold and honey trap	
How I watched you (3) the shadows as a child			I've got for you tonight	
You'll never know			Revenge is to kiss	
How it feels to be the one who's (4) behind			This time I won't miss	
You'll (5) know the days, the nights			Now I've got you in my sight	
The tears, the tears I've cried			With a Goldeneye	
But now my time has come			Golden, Goldeneye	
And time, time is not on your side			With a Goldeneye	
See him move (6)	(7) aı	ind	Goldeneye
