

Fill in the gaps

Every time		Hear it in the rain
The rain comes down		(The rain)
Close my eyes and listen		Late at (7) I drift away
I can hear the (1)	sound	I can hear you calling
Of the sky as it cries		And my name is in the rain
Listen to the rain		Leaves on trees whispering
Here it comes again		Deep blue sea's mysteries
Hear it in the rain		Even when (8) moment ends
Feel the (2) of (3)	(4)	Can't let go (9) feeling
fall		Everything will come again
They won't fall forever		In the sound, falling down
In the way the day (5) flow		Of the sky as it cries
All things come, all things go		Hear my name in the rain
Listen to the rain		
(The rain)		
Here it (6) again		
(Again)
