

Fill in the gaps

You are far	Strange that I was wrong enough
When I could have been your star	To think you'd (16) me too
You (1) to people	You must have been (17) a fool
Who scared you to death and (2) my heart	I said you must have been kissing a fool
Strange that you were strong enough	But remember this
To even make a start	Every other kiss
You'll (3) find the (4) of mind	That you'll ever give
Till you listen to your heart	Long as we both live
People	When you (18) the hand of another man
You can never change the way they feel	One you really can surrender with
Better let them do (5) what they will	I will wait for you
For they will	Like I always do
If you let them steal your (6) from you	There's something there
People	That can't compare (19) any other
Will always make a (7) feel a fool	You are far
But you (8) I (9) you	When I could have been your star
We could have (10) them all	You listened to people
We (11) have seen love through	Who scared you to (20) and (21) my
Fooled me (12) the tears in your eyes	heart
Covered me with kisses and lies	Strange that I was wrong enough
So bye	To (22) you'd love me too
But (13) don't (14) my heart	You must (23) (24) kissing a fool
You are far	You (25) have been kissing a fool
I'm never gonna be (15) star	You (26) have been kissing
I'll pick up the pieces	A fool
And mend my heart
