

Fill in the gaps

In this room of darkness I ain't undercover		Making my adrenalin rise I feel the eyes on me
That won't stop my prowess rubbing off on to another		Sip the bottle now don't be slow
Elevating higher as my body's moving lower		Keep up with me as we lose control
Now I've reached my element, you better move over		Keep up with me as we lose control
But he doesn't, he blocks my way		When we erupt into the room
I try to push past but he wants to play		And hear the sub go boom
So I sip his drink as I hold his gaze		A feeling (3) to resume
When we erupt into the room		This right (4) I swear will end too soon
And hear the sub go boom		So I sink in to the tune
A feeling easy to resume		As I inhale the fume
This right here I swear will end too soon		A feeling (5) to resume
So I sink in to the tune		This right here I (6) will end to soon
As I inhale the fume		(This right (7) I swear will end to soon)
A feeling easy to resume		This right here I swear will end too soon
This (1)	here I swear will end too soon	This (8) here I swear (9) end too
(This right here I swear will end too soon)		soon
This right here I swear		This right here I swear will end too soon
This right here I swear		When we erupt into the room
This right here I swear will end too soon		And hear the sub go boom
My limbs seem to move what the (2) dictates to me		A feeling easy to resume
I push in to the middle the sound becomes a part of me		This right here I (10) will end too soon
Taking me back to	that sweet familiarity
