

Fill in the gaps

I hold on so nervously To me and my drink I wish it was cooling me But so far has not been good It's been ()		Well, I'm still imagining
		A dark little place Or your place or my place
		I wanna make you move
		And I feel (1)
This club has got to be		If your body (5) what (6)
The most pretentious thing		(7) can do
Since I thought you and me Vell, I am imagining		You'll probably move right through
		Me on my way to you
A dark lit place		Well I'm not (8) but I seem to be
Or your place or my place		struck by you
Well I'm not paralyzed but I seem to be struck by you		I wanna make you move
I wanna make you move		Because you're standing still
Because you're standing still		If your body matches what your eyes can do
If your body (2)	what your eyes can do	You'll probably (9) right through
You'll probably move right through		Me on my way to you
Me on my way to you		Not paralyzed but I seem to be struck by you
I hold out for one more drink Before I think I'm looking too desperately But so far has not been fun		I wanna make you move
		Because you're standing still
		If your body matches what your (10) can do
		You'll probably move right through
I should just stay home		Me on my way to you
If one thing really (3)	one	You'll probably move right through
This club will hopefully		Me on my way to you
Be (4) in three weeks		You'll probably move right through
That would be cool with me		Me on my way to you
