

Fill in the gaps

I hold on so nervously	Well, I'm still imagining
To me and my drink	A dark little place
I wish it was cooling me	Or your (6) or my place
But so far has not (1) good	Well I'm not paralyzed but I seem to be struck by you
It's been ()	I wanna make you move
And I feel awkward as I should	Because you're standing still
This club has got to be	If your body (7) (8) your eyes
The most pretentious thing	can do
Since I thought you and me	You'll probably move right through
Well, I am imagining	Me on my way to you
A dark lit place	Well I'm not paralyzed but I seem to be struck by you
Or (2) place or my place	I wanna make you move
Well I'm not paralyzed but I seem to be struck by you	Because you're standing still
I (3) make you move	If your body matches what your eyes can do
Because you're standing still	You'll probably move right through
If your body matches what your eyes can do	Me on my way to you
You'll probably move right through	Not paralyzed but I seem to be struck by you
Me on my way to you	I wanna make you move
I hold out for one more drink	Because you're standing still
Before I think	If your body (9) what your eyes can do
I'm (4) too desperately	You'll probably move right through
But so far has not been fun	Me on my way to you
I should just stay home	You'll probably move right through
If one thing (5) means one	Me on my way to you
This club will hopefully	You'll probably move (10) through
Be closed in three weeks	Me on my way to you
That would be cool with me
