If You Can't Ride Two Horses At Once You Should Get Out Of The Circus by Asking

Adexant child the tears in my eyes!	And we can't live this way forever?
can't see through the tears in my eyes!	You said you'd run away!
can't breathe!	You said you'd run away
feel I failed!	You said you'd run away with me
was meant to make you smile!	You'd run away
was meant to make you shine	That we'd escape from the ordinary!
To make you shine!	That we'd escape from the (5) that tied us down!
They said this (1) never happen!	That we'd escape from the ordinary!
They said we could never be!	That we'd escape from the world that kept us apart!
Are you telling me you listened?	So now this is over and the (6) falls
was meant to (2) you smile!	(7) me
was (3) to make you shine!	I never expected to be (8) alone
was meant to make you smile!	The shadows are forming as we burst (9) flames
was meant to make you shine!	Why does this end this way?
was meant to make you smile!	Why does this end this way?
was meant to (4) you shine!
