Where do they go	Sleeping in between parked cars
And what do they do	When it thunders (13) do you hide from the
They're walking on by	storm
They're looking at you	Could you (14) forgive
Some (1) stop, some (2)	My (15) pity
stare	When you've got nothing and (16) living
But (3) (4) (5) you and do	On the streets of the city
they care	I couldn't live (17) my phone
How did you fall	But you don't even have a home
Did you fall at all	How did we fall
Are you happy (6) you are	Can we get up at all
Sleeping underneath the stars	Are we (18) (19) we are
When it's cold is it (7) (8) (9)	On our lonely little star
keeps you warm	When it's cold is it (20) hope (21) keeps
A (10) bit of change	you warm
Is all that I give	Where do they go and what do they do
How is that gonna help	They're walking on by
When you've got no where to live	They're looking at you
Some turn (11) so they don't see	They're walking on by
I bet you'd look if (12) were me	They're looking at you
How did you fall	
Did you fall at all	
Is it lonely where you are
