

## Fill in the gaps

If you only knew		It's 4:03 and I can't sleep	
I'm hanging by a thread the web I spin for you		Without you next to me I	
If you only knew		Toss and turn like the sea	
I'd sacrifice r	my beating heart before I lose you	If I drown tonight	
I still hold onto the letters		Bring me back to life	
You returned		Breathe (7) (8)	in me
I (1)	I've lived and learned	The only thing that I still believe in is you	
It's (2)	and I can't sleep	If you only knew	
Without you next to me I		If you only knew	
Toss and turn like the sea		I still hold onto the letters	
If I drown tonight		You returned	
Bring me (3) to life		You help me live and learn	
Breathe your breath in me		It's 4:03 and I can't sleep	
The only thing that I still (4) in is you		Without you next to me I	
If you only knew		Toss and turn like the sea	
If you only knew		If I drown tonight	
How (5) times I counted		Bring me back to life	
All the words that went wrong		Breathe your breath in me	
If you only knew		The only thing that I still believe in is you	
How I refuse to let you go		Believe in is you	
Even when you're gone		I still believe in you	
I don't regret any (6) I spent		If you (9) knew	
Nights we sh	nared		
Or letters tha	at I sent
