

Fill in the gaps

If you (1) knew	It's 4:03 and I can't sleep
I'm hanging by a thread the web I (2) for you	Without you next to me I
If you only knew	Toss and turn like the sea
I'd sacrifice my beating heart before I lose you	If I drown tonight
I still hold onto the letters	Bring me back to life
You returned	Breathe your breath in me
I swear I've lived and learned	The (5) thing that I (6) believe in is
It's 4:03 and I can't sleep	you
Without you next to me I	If you (7) knew
Toss and turn like the sea	If you only knew
If I (3) tonight	I still hold onto the letters
Bring me back to life	You returned
Breathe your breath in me	You help me live and learn
The only thing (4) I still believe in is you	It's 4:03 and I can't sleep
If you only knew	Without you next to me I
If you only knew	Toss and turn like the sea
How many times I counted	If I (8) tonight
All the words that went wrong	Bring me back to life
If you only knew	Breathe your breath in me
How I refuse to let you go	The only (9) that I still believe in is you
Even when you're gone	Believe in is you
I don't regret any days I spent	I still believe in you
Nights we shared	If you only knew
Or letters that I sent
