Now that's she's back in the atmosphere	While you were looking for yourself out there
With drops of Jupiter in her hair (hey)	Can you (4) no love, pride, deep-fried
She acts like (1) and walks like rain	chicken
Reminds me that there's time to change (hey)	Your best friend always sticking up for you
Since the return from her stay on the moon	Even when I (5) you're wrong
She listens like spring and she talks like June	Can you imagine no first dance, freeze-dried romance
(Hey hey)	Five-hour phone conversation
But tell me, did you (2) across the sun?	The best soy latte that you ever had, and me?
Did you make it to the Milky Way	But tell me, did the wind sweep you off your feet?
To see the lights all faded	Did you finally get the chance
And that heaven is overrated?	To dance along the light of day
Tell me, did you fall for a shooting star?	And head back toward the Milky Way?
One without a permanent scar	But (6) me, did you sail (7) the
And then you missed me	sun?
While you were looking for yourself out there?	Did you make it to the (8) Way
Now that she's back from the soul vacation	To see the lights all faded
Tracing her way through the constellation (hey)	And (9) heaven is overrated?
She checks out Mozart while she does Tae-Bo	And tell me, did you fall for a (10) star?
Reminds me that there's room to grow (hey)	One without a permanent scar
Now that she's back in the atmosphere	And then you missed me
I'm afraid that she might think of me as	While you were looking for yourself?
Plain ol' Jane told a story about a man	(Na na na)
Who was too afraid to fly so he never did land	And did you finally get the chance
But tell me, did the wind sweep you off (3) feet?	To dance along the light of day?
Did you finally get the chance	(Na na na)
To dance along the light of day	And did you fall for a shooting star?
And head back to the Milky Way?	Fall for a shooting star?
And tell me, did Venus blow your mind?	(Na na na)
Was it everything you wanted to find?	And now you're lonely looking for yourself out there
And then you missed me
