

Fill in the gaps

Dog Days Are Over by Florence + The Machine

Happiness hit her like a train on a track	Happiness hit her (9) a bullet in the back
Coming towards her	Struck (10) a great height
Stuck still no turning back	By someone who should know better than that
She hid around corners and she hid under beds	The dog days are over
She killed it with kisses and from it she fled	The dog days are done
With every (1) she (2)	Can you hear the horses?
(3) her drink	'Cause here they come
And washed it away down the kitchen sink	Run fast for your mother
The dog days are over	Run fast for your father
The dog (4) are done	Run for your children
The horses are coming	For your sisters and brothers
So you better run	Leave all your love and your longing behind
Run fast for your mother	You can't carry it with you if you want to survive
Run fast for your father	The dog days are over
Run for your children	The dog days are done
For your sisters and brothers	Can you hear the horses?
Leave all your love and your longing behind	'Cause here they come
You can't carry it with you if you want to survive	The dog days are over
The dog (5) are over	The dog days are done
The dog days are done	The horses are coming
Can you hear the horses?	So you better run
'Cause (6) they come	
And I never wanted anything from you	
Except everything you had	
And (7) was (8) after that too (oh)
