Say my name

Fill in the gaps

Spectrum (Say My Name) by Florence + The Machine

When we first (1) here	And every color illuminates
We (2) (3) and we (4) clear	We are shining
With no colours on our skin	And we will (18) be afraid again
We were light and (5) thin	Say my name
And when we first came here	And every color illuminates
We (6) cold and we (7) clear	We are shining
With no colours on our skin	And we will never be afraid again
Till we let the spectrum in	Say my name
Say my name	And (19) (20) illuminates
And every color illuminates	We are shining
We are shining	And we will never be afraid again
And we will (8) be afraid again	Say my name
Say my name	And every (21) illuminates
And (9) (10) illuminates	And we are shining
We are shining	And we (22) never be (23) again
And we will never be afraid again	Say my name
Say my name	As (24) color illuminates
And every (11) illuminates	Say my name
We are shining	As every color illuminates
And we will never be afraid again	We are shining
And when we come for you	And we will (25) be afraid again
We'll be dressed up all in blue	Say my name
With the (12) in our arms	As (26) color illuminates
Kiss (13) (14) and kiss your palms	We are shining
And when it's (15) to pray	And we (27) never be afraid again
We'll be dressed up all in grey	Say my name
With (16) on our (17) and	
silver in our lungs
