| My friends are in the bathroom             | We can burn brighter                         |
| Getting higher than the Empire State       | Than the sun                                 |
| My lover, she is waiting for me            | Tonight, we are young                        |

| My seats been taken by some sunglasses     | We can burn brighter                         |
| Asking about a scar and                    | Than the sun                                 |
| know I gave it to you months ago           | Carry me (6) tonight                         |

| The holes in my apologies, you know        | Just carry me home tonight                   |
| 'm trying hard to take it back             | The moon is on my side                       |
| So if by the time                          | I have no to (7) to run                      |
| The bar closes                             | So will someone come and (8) me home tonight |
| And you feel like falling down             | The angels never arrived                     |
| 'll (3) you home                           | But I can hear the choir                     |

| We can burn brighter                       | Tonight, we are young                        |
| Than the sun                               | So let's set the world on fire               |
