

Fill in the gaps

And love is not the easy thing	Stay safe tonight
The only baggage you can bring	And I (15) it aches
And (1) is not the easy thing	And your heart it breaks
The (2) baggage you can bring	And you can only (16) so much
Is all that you can't (3) behind	Walk on
And if the darkness is to keep us apart	Walk on
And if the (4) feels like it's a	Home, hard to know what it is
(5) way off	If (17) had one
And if your (6) (7) should crack	Home, I can't say where it is
And for a second you turn back	But I know I'm going home
(Oh no)	That's where the (19) is
Be strong	I know it aches
(Oh oh)	How your (20) it breaks
Walk on, walk on	And you can (21) take so much
You got (8) can't steal it	Walk on
No (9) (10) even feel it	All (22) you fashion
Walk on, walk on	All that you make
Stay (11) tonight	All that you build
You're packing a suitcase for a place	All that you break
None of us has been	All (23) you measure
A place (12) has to be believed to be seen	All that you steal
You could have flown away	All this you can leave behind
A singing bird in an open cage	All that you reason
Who will (13) fly, only fly for freedom	Leave it behind
Walk on, (14) on	
What you've got they can't deny it	
Can't sell it, can't buy it	
Walk on, walk on
