

And I just need a meal for us both to choke on

Fill in the gaps

Every single night, I endure the flight		Every single night's a fight with my brain
Of little (1)	of white-flamed butterflies in my brain	I just want to feel everything
These ideas of mine percolate the mind		I just want to feel everything
Trickle down the spine		I just want to feel everything
Swarm the belly, (2)_	to a blaze	So I'm gonna try to be still now
That's when the pain comes in		Gonna renounce the mill a little while and
Like a second skeleton		If we had a (3) king size bed
Trying to fit beneath the skin		We could move in it and I'd soon forget
I can't fit the feelings in, no		If what I am is what I am, 'cause I does what I does
Every single night's a light with my brain		And maybe I'd relax, let my breast just bust open
What do I say to her?		My heart's made of parts of all that's around me
Why do I say it to her?		And that's why the devil (4) can't get around me
What does she think of me?		Every single night's alright
That I'm not what I ought to be		Every single night's a fight
That I'm what I try not to be		And every (5) fight's alright (6) my
It's got to be somebody else's fault		brain
I can't get caught		I just want to feel everything
If what I am is what I am, 'cause I does what I does		I just (7) to feel everything
Then brother, get back		I just want to (8) everything
'Cause my breast's gonna bust open		I just want to feel everything
The rib is the shell and heart is the yolk
