

Fill in the gaps

Elevator buttons and morning air	But this love is ours
Stranger's silence makes me wanna (1) the stairs	And it's not theirs to speculate if it's wrong and
If you were here	Your hands are though
We'd laugh about their vacant stares	But they are where mine belong in
But right now, my time is theirs	I'll fight their doubt and give you faith
Seems like there's always someone who disapproves	With this song for you
They'll judge it like (2) know about me and you	'Cause I love the gap (9) your teet
And the verdict comes from (3) with nothing	And I love the riddles that you speak
(4) to do	And any snide remarks from my father
The jury's out, but my choice is you	About your tattoos will be ignored
So don't you worry your pretty little mind	'Cause my heart is yours
People throw rocks at things (5) shine	So don't you worry your pretty little mind
And life makes love look hard	People throw rocks at things that shine
The stakes are high, the water's rough	And life makes love look hard
But this love is ours	Don't you worry your pretty little mind
You never (6) what people have up their sleeves	People throw rocks at things that shine
Ghosts (7) your past gonna jump out at me	But they can't take what's ours
Lurking in the shadows with their lip gloss smiles	They can't take what's ours
But I don't care 'cause right now you're mine	The stakes are high, the water's rough
And you'll say don't you (8) your pretty little mind	But this (10) is ours
People throw rocks at things that shine	
And life makes love look hard	
The stakes are high, the water's rough
