But I set fire to the rain

## Set Fire To The Rain (Live) by Adele

| I let it fall, my heart                   | Watched it pour as I touched your face    |
|---|---|
| And as it fell, you rose to claim it      | Well, it burned while I cried             |
| It was dark and I was over                | 'Cause I heard it screaming out (6) name  |
| Until you kissed my lips and you saved me | Your name                                 |
| My hands they were strong                 | I set (7) to the rain                     |
| But my knees were far too weak            | And I threw us into the flames            |
| To stand in your arms                     | Well, it felt something died              |
| Without (1) to your feet                  | Cause I knew that that was the last time  |
| But there's a side, to you                | The last time                             |
| That I never knew, never knew             | Sometimes I wake up by the door           |
| All the things you'd say                  | That heart you caught must be (8) for ya  |
| They were never true, never true          | Even now when we're already over          |
| And the games you'd play                  | I can't help myself from looking for ya   |
| You (2) always win, always win            | I set fire to the rain                    |
| But I set fire to the rain                | Watched it pour as I touched your face    |
| Watched it pour as I touched your face    | Well, it burned while I cried             |
| Well, it burned while I cried             | 'Cause I (9) it screaming out your name   |
| 'Cause I heard it screaming out (3) name  | Your name                                 |
| Your name                                 | I set fire to the rain                    |
| When I lay, with you                      | And I threw us into the flames            |
| I could stay there, (4) my eyes           | Well, it felt something died              |
| Feel you here forever                     | 'Cause I knew that that was the last time |
| You and me together, nothing is better!   | The last time                             |
| Cause there's a side, to you              | Oh oh oh oh oh                            |
| That I never knew, never knew             | Let it burn                               |
| All the things you'd say                  | Oh oh oh oh                               |
| They were (5) true, never true            | Let it burn                               |
| And the games you'd play                  | Let it burn                               |
| You would always win, always win          |   |
