And I'm alone with you

Fill in the gaps

Somethin' Stupid by Robbie Williams & Nicole Kidman

I know I (1) in line	The (8) is right
Until you think you have the time	Your perfume fills my head
To spend an evening with me	The stars get red
And if we go (2) to dance	And oh, the night's so blue
I know that there's a chance	And then I go and spoil it all
You won't be leaving with me	By (9) something stupid
And afterwards we drop (4) a quiet little place	Like: "I love you"
And have a drink or two	The time is right
And then I go and (5) it all	Your perfume fills my head
By saying something stupid	The stars get red
Like: "I love you"	And oh, the night's so blue
I can see it in your eyes	And then I go and spoil it all
You still despise the same old lines	By saying something stupid
You heard the night before	Like: "I love you"
And though it's just a line to you	"I love you"
For me it's true	"I love you"
And (6) seemed so right before	"I love you"
I practice everyday	"I love you"
To find some clever lines to say	"I love you"
To make the (7) come true	
But then I think I'll wait	
Until the evening gets late
