### Kiss The Stars by Pixie Lott

...

Baby baby, we're on the rocket  
Venus and mars now, can't be apart now  
Baby baby, put me in your pocket  
We're on a mission, get in position  
Put the plug in the socket  
Give me all your power  
When you turn it on I can go for hours  
Hit the switch, push the button, baby  
Then you'll see  
We can have it all, baby, you and me  
Kiss the stars tonight  
You and me, oh, we will  
Write our name in lights  
They will see we're in love tonight  
Love tonight, we're in love tonight  
Love tonight, love tonight  
We're in love tonight
