## Talking To The Moon (Cover) by Jason Chen

I know you're (1) out there	Someone's (10) back
Somewhere far away	They're talking (11) (oh)
I want you back	At night when the stars light up my room
I want you back	I sit by myself
My neighbors think I'm crazy	Talking to the moon
But they (2) understand	Try to get to you
You're all I have	In (12) on the oth
You're all I have	side
At (3) when the stars light up my room	Talking to me too
I sit by myself	Or am I a fool
Talking to the moon	Who sits alone
Try to get to you	Talking to the moon
In hopes (4) on the other side	(Ah ah ah)
Talking to me too	Do you ever hear me calling?
Or am I a fool	(Ah ah ah)
Who sits alone	'Cause every night
Talking to the moon?	I'm (14) to the moon
(Ah ah ah)	Still trying to get to you
I'm (5) like I'm famous	In (15) you're on the (16) side
The (6) of the town	Talking to me too
They say I've (7) mad	Or am I a fool
Yeah (8) gone mad	Who (17) alone
But they don't know what I know	Talking to the moon
Cause (9) the sun goes down
