

Fill in the gaps

I got a lot to say to you	Crush
Yeah, I got a lot to say	Crush
I (1) your eyes are (2)	Crush, crush
glued to me	(Two, three, four!)
Keeping them here	Nothing compares to a quiet evening alone
And it makes no sense at all	Just the one two of us who's counting on
They taped (3) your mouth	That (8) happens
Scribbled out the truth with their lies	I guess I'm (9) again
You little spies	Let's be more than this
They taped over your mouth	Rock and roll, baby
Scribbled out the truth (4) their lies	Don't you know that we're all alone now?
You little spies	I need something to sing about
Crush	Rock and roll, hey
Crush	Don't you know, baby, we're all alone now?
Crush	I need something to sing about
Crush, crush	Rock and roll, hey
(Two, three, four!)	Don't you know, baby, we're all alone now?
Nothing compares to a (5) evening alone	Give me something to sing about
Just the one two of us who's (6) on	Nothing compares to a quiet evening alone
That never happens	Just the one two of us who's counting on
I guess I'm dreaming again	That never happens
Let's be more than this	I guess I'm dreaming again
If you want to play it like a game	Let's be more than
Well, come on, come on, let's play	(No, oh)
Cause I'd rather waste my life pretending	Nothing compares to a quiet evening alone
Than have to forget you for one whole minute	Just the one two of us who's counting on
They taped (7) your mouth	That never happens
Scribbled out the truth with their lies	I guess I'm dreaming again
You little spies	Let's be more than
They taped over your mouth	More than this
Scribbled out the truth with their lies	
You little spies
