

Fill in the gaps

Almost Over You by Sheena Easton

I saw an old (1)	of ours today	So when you come back around	
She (2) about you		After painting the town	
I didn't quite know (3) to say		You'll see I'm almost over you	
Heard you've been (4)	the rounds round here	I can forgive you and soon I'll forget	
While I've been trying to make tears disappear		All those shattered dreams	
Now I'm almost over you		Although you left me with (7) to s	h٥١
I've almost shook these blues		For the misery	
So when you come back around		Now I'm almost over you	
After painting the town		I've almost shook these blues	
You'll see I'm almost over you		So when you come back around	
You're such a sly one with your cold cold heart		After painting the town	
Maybe leaving came easy		You'll see I'm almost over you	
But it (5) me apart		When you (8) back around	
Time heals all wounds they say		After painting the town	
And I sure know		You'll see I'm (9) over you	
Cause it seems like forever but	I'm letting you go		
Now I'm almost over you			
I've almost shook (6)	blues
