

To rise and (7)_____ away

Fill in the gaps

I (1) on the leash		Above the faded line
That (2) me (3)	and	Way beyond the ties that bind
controlled		This I know
Let me go		The risk is worth the gain
I want to break free		It's worth the sacrifice
And bite my way out of (4) hole		Way beyond the ties that bind
One last hope		You (8) me into pieces
To rise and break away		Don't tell me what to be
Above the faded line		Damn you all, I'm gonna find my way
Way beyond the ties that bind		One last hope
This I know		To (9) and break away
The risk is worth the gain		Above the faded line
It's worth the sacrifice		Way beyond the ties that bind
Way beyond the ties (5) bind		This I know
I run but the chains		The risk is worth the gain
Pull me right (6) to the floor		It's worth the sacrifice
You control		Way beyond the ties (10) bind
I rattle the cage		
I won't be your slave anymore		
One last hope
