

And when we meet

Fill in the gaps

I know you think that I shouldn't (1)	Which I'm sure we will
(2) you	All that was there
Or tell you that	Will be there still
But if I didn't say it, well I'd still have felt it	I'll let it pass
Where's the sense in that?	And hold my tongue
I promise I'm not (3) to make your life harder	And you will think
Or return to where we were	That I've moved on
But I will go down with this ship	I will go down with this ship
And I won't put my hands up and surrender	And I won't put my hands up and surrender
There will be no white flag above my door	There will be no white flag above my door
I'm in love and always will be	I'm in love and always will be
I know I left too (4) (5) and	I will go down with this ship
Destruction to come back again	And I won't put my hands up and surrender
And I caused nothing but trouble	There will be no white flag above my door
I understand if you can't talk to me again	I'm in love and always will be
And if you live by the rules of "it's over"	But I will go down with (8) ship
Then I'm sure (6) that makes sense	And I won't put my (9) up and surrende
But I (7) go down with this ship	There will be no white flag above my door
And I won't put my hands up and surrender	I'm in love (and always will be)
There will be no white flag above my door	
I'm in love and always will be
