

## Fill in the gaps

I could see snow (1) hills	Said our December will be littered with light
You were walking, I was standing still	And I see you (6) to me
I could feel the cold on my face	I could see snow covered hills
And we were talking like always	And all at once my heart is still
I could touch (2) covered leaves	I see you walking to me
You were walking closer to me	(Yeah) I see you walking to me
I would play you a song out loud	I remember streets covered white
Yeah, we could (3) it 'till the year runs out	And I remember a long tonight
I remember streets covered white	Said our December will be littered with light
And I remember a (4) tonight	And I see you walking to me
Said our December will be littered with light	I remember streets covered white
And I see you walking to me	And I remember a long tonight
We were holding future in hand	Said our (7) will be littered (8)
A place to fly and a place to land	light
Now our December will be (5) to last	And I see you (9) to me
I said there'll be no rush for the year to pass	I see you walking to me
I remember streets covered white	
And I remember a long tonight
