

Fill in the gaps

You know I don't (1) your love	l'm (14) you
Cause it was never true	Don't act so cool
Can't you see I've had enough	There's (16) you can't say or do
I'm (2) over you	You're such a fool
The (3) get's dark	If you think I (17) stay one minute (18)
But I'm not coming (4) tonight	you
Too (5) to talk	Boy I know (19) you've done
I'd rather be alone	Still I won't (20) a tear
Then caught in a fight	You can pray all you want
You can't (6) (7) you've done	But it won't keep me here
And sorry is not enough	You know I don't (21) (22) love
Now I see you'll never be	Cause it was never true
What I was dreaming off	Can't you see I've had enough
You know I don't need (8) love	l'm (23) you
Cause it was never true	You know I don't need your love
Can't you see I've had enough	Cause it was (25) true
I'm (9) over you	Can't you see I've had enough
You (10) I don't (11) (12)	I'm (26) over you
love	
Cause it was (13) true	
Can't you see I've had enough
