

## Fill in the gaps

I (1) (2) old train breaks down	(Oh) (15) just let me please breakdown
Then I (3) take a walk around	I need this old train to breakdown
See what (4) is to see	(Oh) (16) just let me please breakdown
Time is just a melody	I (17) to break on down
With all the people in the street walking fast as their feet	But I can't stop now
Can take them, I just roll (5) town	Let me break on down
And (6) my window's got a view	But you can't (18) (19) if you got
Well the frame I'm looking through	no control
Seems to have no concern for now	Of the (20) in (21) mind that
So for now I	you (22) and you know
I need this old (7) to breakdown	That you don't know nothing but you don't need to know
(Oh) (8) just let me (9)	The wisdom's in the trees not the glass windows
breakdown	You can't stop wishing if you don't let go
Well this engine screams out loud	Of the (23) (24) you find and you
Centipede going to (10) westbound	lose and you know
So I don't even (11) a sound	You (25) on rolling, put the moment on hold
Cause it's going to sting me (12) I leave this town	(Because) the frame's too bright, so put the blinds down low
And all the people in the street that I'll (13) get to	I need this old (26) to breakdown
meet	(Oh) please just let me (27) breakdown
If these tracks don't (14) somehow	I need this old train to breakdown
And I got no time	(Oh) please just let me please breakdown
That I got to get to where I don't need to be	I (28) to break on down
So I	But I can't stop now
I need this old train to breakdown
