

Fill in the gaps

Who is the man I see	So put me where I belong
Where I'm supposed to be?	I don't know where I am
I (1) my heart, I buried it too deep	And I don't really care
Under the iron sea	I look (14) in the eye
Oh, crystal ball, crystal ball	There's no one there
Save us all, (2) me (3) is beau	tiful I (15) (16) the earth
Mirror, (4) on the wall	I (17) (18) the air
Lines ever (5) unclear	But all I get is the (19) old vacant stare
I'm not sure I'm (6) here	Oh, (20) ball, crystal ball
The (7) I (8) the more I (9)	Save us all, tell me life is beautiful
that I'm	Mirror, (21) on the wall
Starting to disappear	Oh, crystal ball, hear my song
Oh, crystal ball, (10) ball	I'm (22) out, (23)
Save us all, (11) me life is beautiful	(24) is wrong
Mirror, mirror on the wall	So put me where I belong
Oh, (12) ball, hear my song	
I'm fading out, everything I (13) is wrong
