#### Fill in the gaps

## My Friends Over You by New Found Glory

m (1) off your kiss	And I didn't mean to
For another night in a row	Lead you on
This is becoming too routine for me	You were everything I wanted
But I did not mean to lead you on	But I just can't (13) what I've started
And it's all right to pretend	There's no (14) (15) here on my back
That we still talk	It was damaged long ago
t's just for show, (2) it	Though you swear (16) you are true
t's my (3) that it (4) apart	I still pick my (17) over you
Just maybe	My friends over you
You need this	Just (18) you need this
And I didn't mean to	You need this
_ead you on	And I didn't mean to
You were (5) I wanted	Lead you on
But I just can't finish what I've started	You were everything I wanted
There's no (6) left here on my back	But I (19) can't finish what I've started
t was damaged long ago	There's no (20) left here on my back
Though you swear (7) you are true	It was damaged long ago
still pick my (8) you	Though you swear that you are true
My friends over you	I (21) pick my friends over
Please tell me everything	You (22) (23) I wanted
That you think that I should know	But I just can't finish what I've started
About all the plans you made	There's no room left (24) on my back
When I was (10) to be found	It was damaged long ago
And (11) all right to forget	Though you swear that you are true
That we still talk	I (25) pick my friends over you
t's just for fun, isn't it	My friends over you
t's my fault that it fell apart	
lust maybo you (12) this
